unable to get Tag Meta working

Inviato da ozsj - 09/08/2009 07:02

Hi, I have installed Tag Meta and enabled the plugin, but I cant seam to get it working.

Here is my relative URL /index.php?option=com_content&view=article&id=50&Itemid=57

Title: test

I have cleared cache and tested. Any ideas?

Thanks.

It's simple.

Just escape the question mark. Look at this thread.
